"Aiming to foster and promote unity and harmony among volunteer fire departments throughout Indiana"

THE INDIANA VOLUNTEER FIREFIGHTER

(USPS 262-480)

VOLUME 74 NO. 1

Organized and Trained for the Protection of Life and Property

FEBRUARY 2025

From The President

Ross Emery

Greetings,
I hope that since the holiday season has passed us and as we begin 2025, that all reading this article had a Merry Christmas, Happy New Year and quality time was spent with family and friends. If not, take the time to do so. Life is too short to have any regrets.

Please keep those members struggling with medical and other issues in your thoughts and prayers as those individuals negotiate treatment and advice to deal with those issues.

First, I want to say how humbled and honored I am to be writing this article as this Association's 42nd President. Never in my wildest dreams if someone would have said back in 1995 when I started my fire service career that I would be in this position today, I would have said "you're crazy". But here I am 30 years later into this journey and ready to take on this responsibility head on, wholeheartedly and lead this

Association as your President.

Second, I want to take this opportunity thank outgoing President Jerry Liston for his wisdom, leadership, and friendship over the last couple years while I was serving as Vice President.

I have no intent to bore you with a long biography about me, but I would like to give you a little background on myself.

I have been a member of the IVFA for 30 years and I am a second-generation volunteer firefighter. I soon will have 30 years in the fire service. I have served three departments over the last nearly 30 years, Richland-Taylor (Greene County Bloomfield, IN), Haubstadt (Gibson County Haubstadt, IN), and Elberfeld Fire (Warrick County Elberfeld, IN). Yes, I am truly a southern (gentleman) Indiana born, Indiana raised and still live in southern Indiana. The wife might have some thoughts about the gentleman part. I currently live in Haubstadt, Indiana with my wife Jenny (who is a saint for putting up with me) and we have been married since 2003. We have 2 sons, Lucas, who is 19 and Nathan who is 15 and a sophomore at Gibson Southern High School. I am currently employed at Kaiser Aluminum in Warrick County as a Firefighter/EMT. In 2014 I was elected Dist. 15 Chairman a position I served till being elected Vice President in 2022, and elected President in 2024.

Our association is a member driven association, we will continue to explore and work on benefits for our membership. Benefits for our members is a key to retaining membership and

Joint training session held by three departments

By John Smith
District 18 Vice Chairperson

On Saturday 2 November members of the Holland, Huntingburg, and St. Henry (Dubois Co.) VFDs, came together for a joint training session on automobile and school bus extrication. The event was conducted by Tim Shott of Hurst Tools and held at the

Huntingburg Airport. Lunch was provided by McDonald's Team Mann, and a school bus was provided by Holland Firefighter Greg Englert. KARS of Huntingburg and Toyota Manufacturing provided vehicles for the training. The event is the second time the three departments have come together for such training. Holland Fire Chief Corey Weiler recounted

"all three of our departments have students that attend the same schools (Huntingburg and Holland Elem. and Southridge Middle and High School). Chances are that if an incident involving a school bus were to happen, more than one of our departments may need to be called. The more that we train together, the better we will work together".

2025 CONVENTION : CLIFTY INN at CLIFTY INN STATE PARK, MADISON, IN - JUNE 18-20, 2025

Determined to Serve, Determined to Protect

Sponsored By The Indiana Volunteer Firefighter's Association To Create And Promote Good-Will Among its Members

MAY DEADLINE IS APRIL 1, 2025

President continued from pg 1 recruiting new membership.

Our Association is blessed to have so many talented professionals as members and although very few of us ever act with the desire to be singled out and awarded for what we do please review the different IVFA and IVFAA awards on the website and make a nomination before the February 1 deadline.

While you are reviewing those, you might also look at the available Bridgeport scholarship information and even if you do not need that educational financial assistance reach out to your fellow department members or a graduating high school student meeting the requirements and encourage them to apply. The Association gives out Four \$1500 dollars scholarships annually at our State Convention in June. The deadline for submitting the Bridgeport application and application is March 1.

One goal as President is to continue to execute and direct the mission of this Association and be fully transparent in doing so. My Officers and Committees will be working to continually pursue what is best for this Association and more importantly yet, for the volunteer and combination fire and emergency personnel across the state of Indiana.

I have enjoyed traveling the state the last 2 years as I served

as Vice president and look forward continuing that. Our new Vice President Larry Curl and I look forward to the challenge of leading this great organization to greater heights.

I would like to thank Larry Bartlow, and Steve Nolan for their years of service to the IVFA. They both have served in various roles for the association and decided to step back from an active role with the association.

On January 8th one of my first duties as President I had the privilege of was helping present service awards to members of the English Volunteer fire Department. We presented 10- and 25-year pins to some members of their department. We also had the privilege of presenting a SO-year certificate to Don Burnham, he will receive his IVFA Gold card at a later date, but the crowning moment of the night was getting to present Linden Roberts with a 75 year award. I cannot even wrap my head around volunteering for 75 years. Linden is one of only a handful to have made it to this milestone and joins a very exclusive club of IVFA members.

In closing I want to thank each member of this association for their service and dedication, till next time, be safe and God bless each and every one of you.

“Political” talk

Greetings my Fellow officers and members, firefighters, emergency service responders, EMT’s, Paramedics and IVFAA members.

Another quarter has passed by since my last newspaper article; “From the Fire House to the State House”

Things are starting to shape up for an exciting legislative session for 2025, and by the time you are reading this edition of our IVFA Newspaper we should be in “full swing” as to proposed bills, and potentially new laws.

To date there has been nearly 500 bills filed and still have a week to go for filing bills.

We have several new Legislators and a new Governor so we will have a learning curve getting to know all of them. I am excited about the opportunity for some new faces and new opinions and to see if we can get support for them to better serve our communities.

If you have a new legislator please let me know and please reach out them and introduce your self. Remember they are all elected to serve and would like to hear from you as to your needs, desires, and interest. If you will

share with me who your newly elected legislators are I will personally reach out to them and extend an invitation for them to stop by the fire house to have a little meet & greet.

So by the time you read this addition of the Indiana Volunteer Firefighters’ Newspaper it will have turned from Fall to Winter. Winter is just one of our four seasons and we should always be looking forward to the four seasons as a natural part of our Hoosier heritage.

So let’s talk about some legislation, education & information my three favorite topics.

As I travel the state addressing many of you at your district meetings we have talked about every thing from funding, services, training, and personal benefits. I have shared many of our conversations with many of the members of the general assembly and by the time you are reading this quarters newspaper we will know if all or any of the subjects have been or are being addressed in the 2025 session of the Indiana General Assembly.

I will be talking with our friends at the General Assembly

as you should be talking to our friends at a local level about our issue and concerns.

We are fast at work with the legislative agenda for 2025 and welcome your input, thoughts, and concern

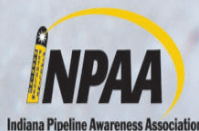

You can contact your District Chair, Your Public Relations member, the IVFA officers or me, your lobbyist. All our contact information can be found in this edition of the newspaper or on the website.

I hope to see you, talk with you, visit, and share and learn with and from you as I continue to visit the District meetings. You can find most of them listed on the calendar page of our website. Please take the time to be involved and stay informed in your IVFA district

Hope you and your family had a great holidays in 2024 and are now ready to meet / greet the challenges, excitement, the opportunities of 2025

Welcome to 2025

Be safe and thank you for your services,
Larry Curl
IVFA Lobbyist

Greetings one and all, and welcome to 2025! As we start a new year, it gives us time to reflect on the past twelve months and the blessings we have received, as well as look forward to what the coming year potentially has in store. As you look both in the rearview mirror and the windshield, what are your thoughts on where you've been, and where you're going?

Change. Change is an ever-evolving pain that none of us like. We're humans, creatures of habit, that do not always adapt well to change. Some of us will experience new officers, new or reworked administrations, while others will continue with the same old, same old. Each of us can offer and provide ideas to positively move our lives and organizations forward through the coming year. There are a couple of ways to accomplish this. Demand change, a kind of my way or the highway attitude, OR simply ask for help to reach the goal.

How does one ask for help? And from whom?? Well, why not ask God's help. Then there are your peers and mentors. Do NOT be afraid to ask for help, ask questions, get input, hints, tips, suggestions. All the people are not going to be happy with you all the time. If most everyone is happy most of the time, that's a win, a compromise, if you will. And as long as you try to do what's right, even when you make a mistake, we're all human, we are going to make mistakes. Own each and every one, don't be bashful, that's how we learn, and become better humans.

The Indiana Volunteer Firefighter's Association has an AMAZING group of chaplains and associate chaplains that are at your disposal. Please, don't be afraid to reach out. From all of us, to each and every one of you, a happy, safe, and prosperous 2025!

Stay safe –

From The Vice-President

Larry Curl

Greeting to the members of the IVFA & IVFAA

First, I want to thank all for the opportunity to serve as the next Vice President. When I agreed to run as your Vice President, with the election being held at our annual meeting each year during our State Convention, I soon began to think of where we are and where we should / could / might be in the year(s) to come.

I want to share with all that I pledge my full support to our newly elected President Ross Emery, and will work diligently with him to move our association forward and to reach the goals set for our future.

I know many of you know me but I would like to share some of my family information with you as a new incoming part of the IVFA leadership team. So, yes my name is Larry

Curl and I have served in the fire service for 50 plus years. I began my career as a Junior Firefighter at the age of 17, and climbed through the ranks until I rose to the level to the rank of Fire Chief. I served as Fire Chief of one of (if not the largest) Volunteer Fire Department back in day when it was all Volunteer, the Wayne Township Volunteer Fire Department in Marion County Indiana. When I joined the WTFD back in 1968, yes still in high school, at the age of 17 we had nine stations, 54 pieces of rolling stock (motorized pieces of fire fighting or rescue apparatus) and over 400 members. We had our own Communications Center, receiving calls and dispatching runs, had a training grounds (although it came a little later) with a six story training tower, a pond where we could learn to draft (yes we served areas where there were no hydrants and sometimes need to draft) and do our own pump tests. We eventually started our own apparatus maintenance facility, and still did annual events for our members such as graduation ceremonies, picnics, held dances and dinners to select our Miss Flame contestants, and even occasionally held a friendly water fight with our neighboring stations (or at least until we got caught, yes those were the days and yes I'm old enough to remember them.

So a little about my family; at the age of 17 I met the love of my life and made her my wife (at

From the Historian's Desk, We have continued to add items into the archives the last quarter. I would like to give thanks to President Liston in helping to get 18 copies of old newspapers from the The State Library. I would also like to thank, Monique Howell, who

made the collection of these issues possible. I would like to thank all of our members and officers, that collected items to be included into the archives. At our last quarterly meeting I received several issues of newspapers and convention books to add to or history.

We will continue collecting, as we still have some gaps to fill. If anyone that may have or acquires newspapers printed before 1985, please contact me.

the age of 18 and she at 17 with parental permission). We lived in a community called Mars Hill (within Wayne Township) and I was employed at the time by American Can Company. This was during the time the Vietnam war was going strong, the reason that was important is that there was also a thing called the "draft" which would send out certified letters addressed to young men with the heading of Greetings you have been selected by your local draft board. The outside of the letter would have a return address of the draft board so when Carol got the mail that day before I got home from work she was standing in the doorway to greet me with tears in her eyes and the letter unopened in her hand. Yes I was drafted and served in the US Army for two years as an MP (leaving behind the fire service temporarily) and I took up residence in Ft. Campbell KY.

A few months into my service life Carol came to be with me while I was stationed in Ft Gordon Ga. So as we were "enjoying" the military life we also found out that we serious about starting a family when we learned it was happening. Our daughter, Kimberly was born while we were serving in Ft. Belvoir Va. (yes the military moved you often). So after my time in the military it was time to return to Indy and the fire service. As we were settling back in it became civilian life and all that comes with that and within the next couple years came our son, Larry Jr. So we have now become a family of four with an agreement there would be no more.

Well fast forward several years with both the kids married we soon become grandparents as we now have two grandsons and a granddaughter of which are all

three in college.

So for those who may have wondered about the life of Larry Curl there you have it, 70 plus years all in a couple of paragraphs.

BACK TO THE IVFA

Second, I want to say to our newly elected IVFA President Ross Emery, I am glad to be on board with you, to serve along side you, to encourage growth and meet the challenges for our association.

With out growth and challenges we become stagnate and no one wants to be a part of a stagnate organization. I hope we (all the leaders within the Association) can do an assessment of where we are, and where we want to be in 1, 5, 10 plus years and establish a plan as to how we get there.

Now having said all of that I think we have a great opportunity to take an already good association to the next step but; it takes more than upper leadership, it takes all leadership and all the membership. We would like to think and we certainly hope all 13,000 plus members are on board with growth, service development, and a strong desire to better serve our constituents, our Mrs. Smith's of our communities. {for those of you that heard or read from the late Chief Alan Brunacini speak or read any of his writings in a humorous conversational style, Chief Alan Brunacini explains the application of common-sense customer service concepts to the fire service using the term Mrs. Smith as our customer}

So how do we kick off or jump start 2025?

First as an association we have contracted for a revisit of our 5 year old cost savings study. Remember in 2020 we commissioned a study to be done by a company named American Economics Group, Inc., a firm of professional economists serving clients in business, government, financial services, with headquarters in Washington, D.C. titled:

TAX SAVINGS OF INDIANA VOLUNTEER FIREFIGHTERS...

This Special Report Prepared for the Indiana Volunteer Firefighters Association with

our goal five years ago to determine "due to our services as Volunteers" what we were saving our customers, the taxpayers of Indiana showed the results then was a total savings with in our state of \$4.5 Billion by the services you the volunteers provide. So here we are five years later and we have contracted with the same firm to prepare a document with the savings after five years. We will share the details of the revisit once we have the results.

Remember last year we were encouraged by the results of funding included in our State Budget that allowed the building of several new training facilities across Indiana making it easier and closer for our member to do live fire training's and we were blessed to have had the opportunity for 66 volunteer fire departments across Indiana. The \$10 million PPE investment allowed for 946 sets of turnout gear (PPE) and self-contained breathing apparatus (SCBA) and we look forward to and hope the state can see fit to continue the same turn-out gear replacement this year. We have nearly 13,000 members and even though we know not all department need the assistance of new turnout gear, we are still way short with the 946 set purchased last year. This is a topic every department and every firefighter should be discussing with their members of the General Assembly

We have addressed many times about our need to retain and recruit members so let's get SERIOUS. What can, should, might we do to encourage new and younger folks to become members or our members to stay and continue to serve their communities and their departments for a much longer time: I have heard from some of you but if you would like to weigh in simple send me an email addressed to vicepresident@ivfa.org and in the subject box just type members.

I understand many of you feel you have done all you can do but if its not working, I understand the feeling but we can not give up.

As your Vice President I have only one voice, but it some times is a loud voice and I want

It has been a very hard time in District 19 this quarter. We lost a very young firefighter, Landen Comer, in a vehicle accident. A very short time later we lost, Ralph Meyer, a 58-year member and good friend in a line of duty death. Our hearts and prayers go out to their families.

We are in the cold winter months now. Be very careful when responding to incidents when roads are slick.

We are preparing for the state convention at Madison Clifty Falls, June 18-20. On Thursday, June 19 we will be having a 4-hour instructor adult education refresher class for instructors from 8-12. Come for the training and visit the vendors in the afternoon. Also the Board of Firefighters Standards and Education will meet in the morning. Anyone interested in attending the instructor refresher please text me 812-212-5766 with your name and PSID number. Sign up for dinner, call Rick 502-523-2665 for tickets, attend opening meeting and memorial service in the evening. Make it a day at the convention. You do not need to register for convention to attend training.

Tom Fentress - Chairman

Indiana Volunteer Firefighters Association District 2 Hosts Quarterly Meeting By Tom Fentress, IVFA District 2 Representative

The Indiana Volunteer Firefighters Association (IVFA) District 2 gathered on November 14, 2024, at the Lake Township Volunteer Fire Department for its quarterly meeting. The evening began with the Call to Order, the Pledge of Allegiance, and Roll Call, followed by introductions of state officers and acknowledgments of lifetime members and service milestones. Jeremy Kalizae of Lake Township was honored with a 10-year service pin.

IVFA Updates and Awards

Key discussions during the meeting included updates on IVFA initiatives and recognitions. Members were reminded of the June 18-20, 2025, IVFA Convention in Madison, Indiana, and encouraged to submit nominations for various awards, such as the Angel Award, the Life-Saving Award, and the Mr. IVFA Award.

The IVFA phone app is up and running smoothly, providing a convenient way for members to stay informed. Legislative updates included efforts to secure a \$1,000 income tax credit for volunteer firefighters and funding for departments serving Tax Increment Financing (TIF) districts.

Old and New Business

Reports from previous and ongoing initiatives were shared, including the results of a recent cancer survey and the Fire Marshal's push for more accessible training. Members also discussed upcoming changes in fire service data reporting, transitioning to the National Emergency Response and Information System (NERIS), and the addition of cancer coverage under Provident Insurance policies.

District 2 Miss Flame Run-Off

On December 16, 2024, District 2 held a Miss Flame run-off between reigning Miss Flame, Ms. Lilly Postma, and former titleholder Ms. Miranda Ruvalcaba. Both contestants demonstrated exceptional

preparation and composure, making the decision remarkably challenging for the judges. One judge remarked that it was the hardest decision he had ever faced, even with extensive experience as a paramedic, fire chief, and coroner.

Ultimately, Ms. Miranda Ruvalcaba was named the 2025 District 2 Miss Flame. Congratulations to Miranda for her achievement, and heartfelt thanks to Lilly Postma for her outstanding service and representation of District 2 throughout 2024.

Looking Ahead

The next District 2 meeting is scheduled for February 20, 2025, at the Keener Township Volunteer Fire Department. IVFA members are encouraged to attend and continue their commitment to improving fire service and safety across Indiana.

Greetings from District 10

Happy New year 2025! I hope all of you had a safe and blessed Christmas with your, families and loved ones and look forward to what the New Year has ahead!

Our last meeting for 2024 was held in November with Hope Volunteer Fire Dept. as hosts.

Ken Chandler, who also happens to be a longtime friend and EMT, was presented an award honoring his 44 years as an Advanced EMT with Hope VFD. Ken & Nancy moved to nearby Columbus some years back and is now retired from making runs; but remains a faithful neighbor, and help to those in time of need.

Natalie Israel was again selected District 10 Miss Flame for 2025. Natalie will be senior at North Decatur High School this year; and we look forward to her representing the District in various events and activities. The community activity in 2025 for the Miss Flames, will be "shop with a firefighter." Natalie will have more information about this event, in the near future.

Eric Mathis, Hope firefighter, was presented his 10year pin.

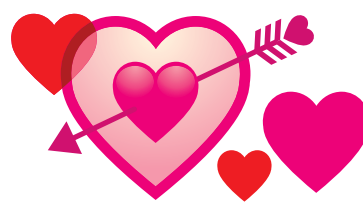

A reminder, that it is time to be thinking about IVFA awards for 2025, which will be presented at the upcoming Convention, to be held in Madison, IN.

Hartsville Vol. Fire Dept. held its 20th annual, Breakfast with Santa, December 7. We had a great turnout; everyone enjoyed the food, fellowship; and the opportunity to let Santa know what was on their wish list!

It was sad time for District 10, recently, with the passing of Walter "Wally" Dietz, who was 34 year firefighter and Paramedic with Harrison Twp. Fire Department. He also was very involved in community volunteer efforts, as well as mission work with the Asbury Methodist Church in Columbus.

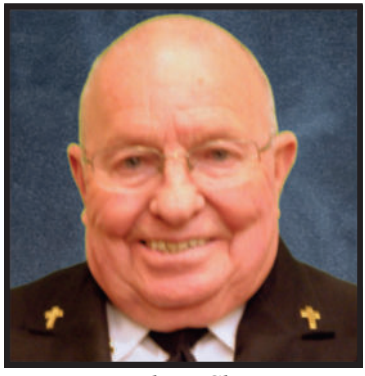

Another District 10 firefighter, Mark Taylor of Westport Volunteer Fire Dept. was presented his 50year Gold Coin a local department meeting by Westport Chief, Jay Maddux. Congratulations and thank you for your service, firefighter Taylor!

DISTRICT 15 REPORT

Paul Campbell - Chairman

Welcome to 2025! I hope everyone had a safe and great holiday season!

I want to start by congratulating the new executive board. We have a new President and Vice President to lead the IVFA into the next few years.

Its that time of the year to get your nominations in for all the awards that are handed out at the convention. Every department must have someone that is worthy of the recognition they deserve even though we do our jobs for the community and not the recognition.

The legislative session will be beginning shortly and the IVFA has a few things to work on this year so follow the legislative notes and be prepared to help if needed. The IVFA works hard every year to try and get things passed to help benefit our members and to entice others to join the fire service in their communities.

The convention will be here before we know it so, please join us in June and be a bigger part of the IVFA. The district Miss Flame contests should be under way soon if not already so if you have someone interested in the contest encourage them to join in the fun. The jr. Firefighter competition will be held again this year so get you cadets/jr firefighters interested. We had 4 contestants last year at the convention so let's try to have more this year. Visit the IVFA website for all the rules for the contests and all the award information.

Have a great start to 2025 and hope to see everyone soon.

DISTRICT 19 REPORT

Ben Sieverding- Chairman

District 19 News

I hope everyone enjoyed their time with friends and families over the holidays. Sometimes we take the ones we love for granted and don't realize it until they are gone. Our district has suffered two significant losses since the last printing of the paper.

First the Holton community lost a young man, Landen Comer. Landen tragically lost his live in a vehicle accident. He was a volunteer firefighter for the Otter Creek Township VFD. He served there with his father, Chief Dale Comer and his brother. Then just a few weeks later the Napoleon VFD lost a firefighter in the line of duty. Firefighter Ralph Meyer gave his life in the service of other on December 4th , suffering cardiac arrest after fighting a structure fire. Our thoughts and prayers are with the Otter Creek and Napoleon fire families as well as the Comer and Meyer families.

I was also humbled to attend the presentation of the Medal of Valor to two Aurora firefighters from the Indiana State Fire Marshal. Our volunteer firefighters are putting themselves out there every day for their communities. They serve with honor and distinction every day and I could not be prouder to call them my brothers and sisters.

Our next meeting in District 19 will be held at the Otter Creek Township VFD station in Holton IN on Thursday, January 23rd. We hope to see another big crowd. All of us should take the time to ponder the privilege we have being a firefighter and always remember to honor those who came before us.

As I have traveled around the state attending as many meetings as possible, I want to thank you all for the amazing hospitality! It has been great meeting new people and visiting places that I have never been to in our beautiful state. I am looking forward to going to more departments, auxiliaries, and events that I have not been to yet. If there is something that you would like me or another line officer to attend, please let us know. We will do our best to be

loved the world: HE gave HIS Son, His one and only Son. And this is why: so that no one need be destroyed; by believing in Him, anyone can have a whole and lasting life.'

We have just celebrating the birth of Jesus. Jesus love for His Father proves to us that He loves us unconditionally. Just like all firefighters and public service personnel, they put their lives on the line each time they are toned out, unconditionally, for love of their family, friends, and community they live in. Thank you for all you do to keep our country, state, and all local areas safe by spreading your love to keep us safe.

Please stay warm and safe going out there in this cold cold weather.

There are many different translations of the Bible and each person, I am sure, has their own favorite. My favorite is the King James version. But I also do reference to Eugene Peterson's THE MESSAGE. John 3:16 from the Message says 'This is how much GOD

She will bring that information back to the February quarterly meeting. Carol Curl brought up to the group about having our financial books checked by a CPA that is not a member of either organization. This would not have to be done yearly but could be done every other year. She is aware that the IVFA does have a person that does their books & she will see what the cost would be. She would like everyone to think about it & have further discussion at the February meeting. Holly Cannon was in the meeting & spoke on convention in 2025. I.V.F.A.A. DISTRICT MEETINGS

DISTRICT 7 REPORT

Cindy Krueckberg- Chairman

District 7 of the Indiana Volunteer Firefighters Auxiliary met on November 18,2024 at Preble Fireman's park.

Meeting was called to order by IVFA PR North East Sam Bisel with the Pledge of Allegiance to the flag.

Roll call was answered by 8 members, 1 individual, and 4 guests.

Last meeting minutes were read and approved.

Treasurer's report, Check wrote to Cindy \$50 for quarterly meeting. Check wrote to Carol Curl \$25 for Miss Flame sash. Balance forward \$1994.74.

A card was passed around to be signed for Diana Gray as she has not been feeling well. Bev has peanut brittle for sale from Poe if anyone would like any. Cindy stated that you do not have

to fill out the beneficiary card. If you want a free will kit you would have to fill out the card. Cindy stated that we need Lois Boaz nominations; there were only 3 last year for the state. She also said that there will be 5 Miss Flame Service Awards, and Miss flames instead of collecting items for convention this year, They will be accepting monetary donations and walmart gift cards for shop with a firefighter. Your donation will go to support over 150 kids to receive christmas in 2025. Miss Flame information is due by February 1,2025.

There has been one SOG change that needs to be approved by districts. And that is that instead of dues being 10 dollars a year they will be raised to 15 dollars a year to help with cost at the state level. BYLAW changes in the event of a lawsuit evolving the IVFA and IVFAA there shall be a meeting or meetings that may consist of the board of directors of the IVFA and IVFAA insurance agents or insurance legal representatives, President may be present. BYLAW changes Treasurer shall provide the president with the password to the online account. The treasurer shall send the president copies of the monthly financial statements from the bank.

Cindy stated that if there are any changes to your information to fill out the membership forms.

If there are no changes just mark no change. Buz is still looking for convention books and newspapers if anyone has any. Cindy stated that at the state level they are looking at doing a fundraiser, possibly a cookbook. The last time one was made was about 20 years ago. Bev stated that Tony Sorg sat for hours and typed everything for the last cookbook and then sent it off to be printed and it took her hours. We discussed how we would get them sold with the newer generations using online to get most of their recipes. If any one has any ideas on a fundraiser idea let Cindy know and she can bring it up at state. A fundraiser needs to be done due to the rising costs.

Notify Cindy or state chaplain about deaths so that way they can get the proper memorial service. Bev and Christina can also pass that information along to the proper people.

Make sure if you are planning to go to convention you look into getting your hotel room reserved. After officers and Miss Flames there will only be 4 rooms left in the one hotel.

Dennis Spears who was on the Centerville Fire Department and was also district 13b chairman passed away a few days ago.

Joan Hays still needs full time care. She turned 95 on the 13th, Cindy has a phone number for her. If anyone would like to call her she would love to hear from everyone, the phone number goes directly to Joan. Christina stated if she does not answer just to call back later she may be busy.

DISTRICT 11B REPORT

Jody Rohr - Chairman

I hope you all had a very Merry Christmas and a wonderful New Year. District 11-B met on Sunday, November 3 at the Helt Township Fire and Rescue. We enjoyed a delicious Thanksgiving dinner.

There were eight members and one guest present. During old business, the joint picnic with District 11-A was discussed. All agreed it was an enjoyable time, and the facility was a great place to use.

Under new business was a reminder that all award letters need to be sent to their respective committees by February 1. A discussion was held regarding the district proposing a by-law amendment to increase dues from \$10 to \$15. All felt this was overdue and were in favor.

Also scheduled at this meeting was our Miss Flame contest. Unfortunately, we did not have young ladies interested at this time.

A get-well card was signed and sent to Larry Bartlow. Larry decided at the annual convention that he would step aside as PR West Central, a position he has held for the past several years.

Our next meeting will be Sunday, January 12 at 1:00 at the Cayuga Fire Department. We will also be crowning our Miss Flame. Since the November meeting, a young lady contacted me and stated that she was interested in competing for that honor.

As always, stay safe out there.
Jodi Rohr

Firefighter Honored for 63 yrs of service

Firefighters from Liberty TWP Fire Department in Liberty Center, IN (Wells County) celebrated Fred Frantz's 63 years of faithful service to his community.

Frantz joined the volunteer department in July 1961.

In the last 25 years, fire departments have struggled to find volunteers willing or able to help, and Liberty TWP has not been excluded from this change. Years after a knee replacement surgery, Frantz has continued to stay on at the department and even go out to fires he couldn't physically fight, even providing advice that ultimately stopped one of the fires.

Huntingburg VFD hosts Halloween

Rain, rain, go away! And it did, just in time for all of the "Trick or Treaters" to come out! Huntingburg VFD again this year hosted "Halloween at the Firehouse" and was visited by over 400 area children (and a lot of grownups too) showing off their costumes, getting their pictures taken in the fire trucks, and with the firefighters. Treats, sticker badges, activity and coloring books were handed out to our guests. This year Huntingburg VFD was joined by members of the Huntingburg Police Dept. and members of the Dubois Co. Sheriff's Dept. and Dubois Co. Conservation Officers. "The kids came away with a lot of cool stuff" was said to this reporter by one of the parents. District 18 Miss Flame Ava Verkamp appeared at her first function as the newly crowned Dist. Miss Flame. Ava along with "Buckets", the HVFD mascot, greeted and posed for pictures with the visitors. Can goods were also collected to help the local food bank. Ava and "Buckets" even posed with HVFD firefighter and Dist. 18 Vice Chairman John "Bull" Smith. Aurora Firefighters Receive Medal of Valor

By Ben Sieverding
District 19 Chairman

Two Aurora Firefighters recently received the Medal of Valor from the Indiana State Fire Marshal's Office for their efforts in saving a man from a fire. Aurora Fire was dispatched to an apartment fire above a business on 2nd Street in Aurora. Aurora fire units

arrived on scene, concerned citizens and Aurora Police knocked on the doors of all four apartments to alert anyone inside. They were unable to gain entry into the last apartment due to heavy smoke and extreme heat conditions.

Upon arrival Lt. Zackery Gibbs and Lt. Jason Skipworth advanced the attack line up to the 2nd floor of the structure

and gained entry into the apartment. Upon entry firefighters located the fire and began their fire attack. Lt. Zackery Gibbs discovered an occupant lying on the living room floor of the apartment. At this point Lt. Gibbs and Lt. Skipworth switched their tactics to rescue and lifted up the occupant and carried him out of the apartment, down the staircase and

out of the structure to safety. After the occupant was turned over to EMS Lt. Gibbs and Lt. Skipworth returned to the fireground.

These 2 firefighters went above and beyond, placing their lives in jeopardy to save another. The Medal of Valor was presented to these firefighters by Indiana State Fire Marshal, Stephen Jones.

50 Year Gold Card Member Gives His Life in the Line of Duty

Long time member of the Napoleon VFD and a 50 year Gold Card Member, Ralph Meyer, gave his life in the line of duty on December 4, 2024. Ralph Meyer responded with the Napoleon VFD for a structure fire and suffered cardiac arrest following the incident.

Ralph served the Napoleon VFD for 58 years in many different capacities. Ralph was also a past Chief for the department. Ralph was a member of the Smyrna Lutheran

Church and a member of the Southern Indiana Angus Association. Many spoke of Ralph's servant heart. He dedicated his free time to helping his community ways for many years. He was very active in 4H throughout his entire life and he could always be seen around the fairgrounds helping others. He shared his love of cattle with any youth who wanted to learn. Ralph's final act of service was to be an organ donor. Based on his donation, he was able to help

an estimated 100 to 150 people and their families.

Ralph instilled a love for the fire service in his family as well. Ralph's son, Steve, currently serves the department as Chief, his brother serves as Asst. Chief and his granddaughter and grandson serve on the department. Ralph has left a lasting legacy with the Napoleon VFD as well as with his community.

Rest easy brother, we will take it from here.

Residential Burning in Indiana

Indiana's air pollution control rules generally prohibits open burning. There are certain agriculture and maintenance exceptions to the open burning rule. Smoke from burning household trash, including plastic containers, is more toxic than the smoke from burning clean wood. Protecting your health is worth the small fee for proper waste disposal. IDEM always encourages alternatives to open burning such as recycling.

These rules **must** always be followed:

- Only clean wood products may be burned. Treated wood is not clean wood.
- Wood products coated with stain, paint, preservatives, glue or other coatings are not allowed to be burned.
- Residential open burning of clean wood products shall be in a noncombustible and ventilated container.
- Recreational or ceremonial fires, such as fires for scouting activities or cooking may only burn clean wood products, paper, or charcoal.
- Burning must be done during safe weather conditions, not during high winds or on pollution alert days.
- Fires must be attended until completely extinguished, and adequate fire suppression equipment present.
- Non-recreational burning must be done during daylight hours and extinguished prior to sunset.
- Open burning is not allowed at mobile home parks, apartment or condominium complexes or buildings of more than four dwelling units.
- Fires must be extinguished if they create a fire hazard, nuisance, pollution problem or threat to public health.
- Burning must comply with all other federal, state and local laws, rules or ordinances.
- Additional restrictions apply in Lake, Porter, Clark or Floyd counties. No open burning of trash, leaves or yard waste is allowed.
- Want to learn more? Visit IDEM's open burning site at www.idem.IN.gov/openburning.

To report illegal open burning, call the Indiana Department of Environmental Management at (800) 451-6027, option 3.
